

### STDB - Side Take Off 90 Degree, Duct Board

STDB

#### Performance Data

- for galvanized transitions to duct board

#### Material

- galvanized sheet metal (standard)

#### Construction

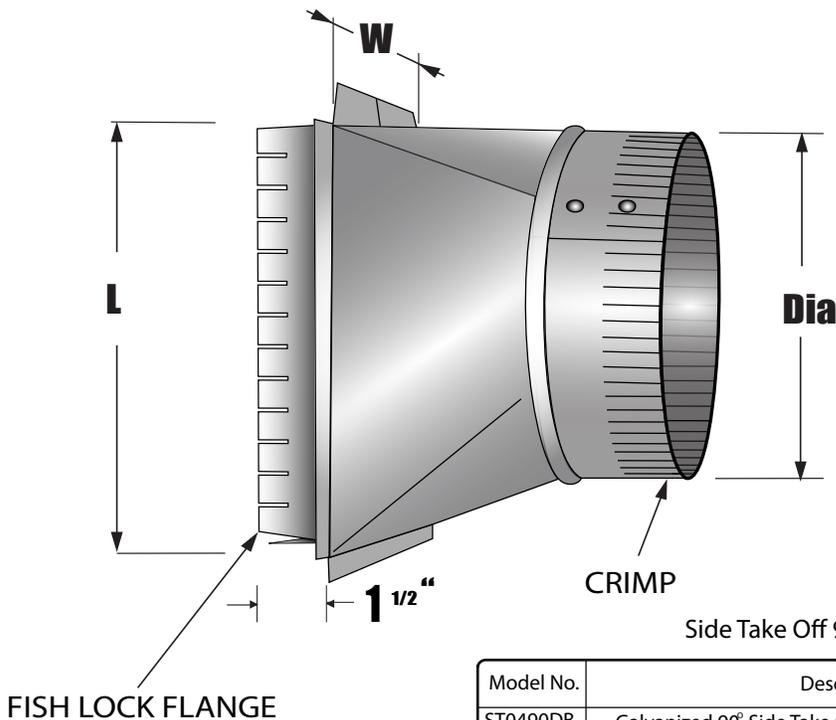

- dimple lock

#### Operating Temperature Range

- -100°F to 430°F / -73°C to 221°C

#### General Information

- connecting collars with smooth edge for safety
- Allows Fitting to be mounted to 1" rigid duct board
- Improves air flow

Side Take Off 90° - Duct Board

Model No.	Description	L x W
ST0490DB	Galvanized 90° Side Take Off, 4" Diameter, Square Flashing with Fishlock Flange	5 1/4" x 5 1/4" (10.1 x 13.3 x 13.3cm)
ST0590DB	Galvanized 90° Side Take Off, 5" Diameter, Square Flashing with Fishlock Flange	6 1/4" x 6 1/4" (12.7 x 15.8 x 15.8cm)
ST0690DB	Galvanized 90° Side Take Off, 6" Diameter, Flashing with Fishlock Flange	7" x 6" (15.2 x 15.2 x 17.7cm)
